THE ARCHITECTURE OF CHILDHOOD

Elevating Children's Spaces to Fine Architectural Artistry

Every creation across both our architectural playscape series and bespoke furniture collection is designed, engineered, and hand-built to order in our Cranford, New Jersey workshop. Founded on decades of expertise in high-end bespoke furniture and architectural millwork, our pieces transcend ordinary toy structures to become permanent architectural features of the home.

01

Architectural Mortise & Tenon Joinery

Precision CNC interlocking joinery reinforced with concealed architectural fasteners and internal steel gussets. Engineered for multi-child active use, providing structural permanence and commercial rigidity in private luxury residences.

02

White-Glove Inside Delivery & Assembly

Engineered for graceful integration. Every piece is fabricated in modular sub-assemblies that navigate standard 32" residential corridors, freight elevators, and stairs cleanly. Delivered and assembled with white-glove precision by our trained craftspeople.

03

Built From Approved Drawings

Every structure is built in our shop from approved drawings, with solid hardwood framing, radiused edges and fixings planned for your room, so parents and architects know exactly what is being made before production starts.

04

Solid Hardwoods & Zero-VOC Finishes

Handcrafted exclusively from solid American White Oak, European Baltic Birch, Sugar Maple, and European Beech. Kiln-dried to 6–8% moisture content and finished with zero-VOC plant oils and waterborne lacquers.

"Children deserve environments as thoughtfully proportioned, tactile, and enduring as the finest architectural residences they grow up in."

ARTISAN VILLA SERIES

Model No. SPF-AV01

The Nordic Gabled Villa & Library

DUAL-GABLED ARCHITECTURAL LOFT WITH INTEGRATED LIBRARY, CRAWL PORTAL & SERPENTINE BALL PIT

Integrated Library | Dual Gabled Lofts | Serpentine Ball Pit

A breathtaking expression of Scandinavian biophilic architecture and quiet luxury. The Nordic Gabled Villa features dual pitched gables—a crisp white upper dormer and an open natural timber truss—complemented by three circular observation portholes. Beneath the elevated play loft, children discover a full-height reading library with open book displays and an enclosed secret den entered via a circular sage-green crawl portal. A contoured natural timber slide descends seamlessly into an organic curved ball pit, while wide, low-rise stairs with solid timber balustrades ensure effortless, safe climbing.

ARCHITECTURAL & PLAY HIGHLIGHTS

- Dual-gabled architectural roofline with white cottage dormer & open timber truss
- Three circular porthole observation windows for elevated discovery
- Built-in ground-level Montessori library bookcase and display cubbies
- Enclosed sage-green secret hideaway with circular crawl-through portal
- Ergonomic blonde timber slide landing directly into an organic serpentine ball pit
- Low-rise solid timber staircase with full-height balustrades and soft-toned safety treads

TECHNICAL SPECIFICATIONS

BASE STRUCTURE DIMENSIONS 13' L × 5' W × 9' 0" H (396 × 152 × 274 cm) Slide & ball pit adds +7' to length (Total Length: 20' / 610 cm)	MIN. CEILING CLEARANCE 9' 6" (2.90 m)
RECOMMENDED AGE 2 – 9 Years	PRIMARY MATERIALS Baltic Birch & Solid Poplar

Bespoke Options: Custom portal finishes · Reversible slide orientation · Custom interior shelving

Lead Time: 5–8 Wks

NORDIC MODULAR SERIES

Model No. SPF-NV02

The Nordic Vista Tower & Helix

CURVED BIRCH ARCHITECTURAL TOWER WITH BURGUNDY SPIRAL SLIDE & BALL PIT

Spiral Slide | Sensory Wall | Flush Drawers

A triumph of disciplined footprint optimization and sensory discovery. Designed for luxury apartments, penthouses, and residences where space is valued, this curved birch tower offers high vertical architectural engagement within a compact 7-foot footprint. An enclosed deep burgundy helical spiral slide delivers safe deceleration, while the ground level integrates a ball pit with under-bed storage drawers and an abacus sensory relief wall.

ARCHITECTURAL & PLAY HIGHLIGHTS

- Enclosed 360° helical burgundy spiral tube slide for thrilling, controlled descent
- Integrated ball pit base with pearl-white and eucalyptus-sage crush-proof balls
- Four pull-out flush storage drawers with minimalist circular finger-pulls
- Interactive tactile sensory wall: wooden abacus tracks, carved clouds & mushroom
- Circular observation bubble window and open portal with fabric pennant bunting
- Solid European birch climbing ladder with ergonomic non-slip hardwood rungs

TECHNICAL SPECIFICATIONS

FOOTPRINT (L × W × H) 7' L × 5' W × 9' H (213 × 152 × 274 cm)	MIN. CEILING CLEARANCE 9' 6" (2.90 m)
RECOMMENDED AGE 3 – 6 Years	PRIMARY MATERIALS Multi-ply Baltic Birch & Heavy-gauge Slide

Bespoke Options: Custom spiral slide colors (Navy, Forest, Ivory) · Custom sensory wall

Lead Time: 5–8 Wks

NORDIC MODULAR SERIES

Model No. SPF-NE03

The Nordic Grand Estate & Bridge

DUAL-TOWER ARCHITECTURAL PLAYGROUND WITH OVERHEAD MONKEY BAR TRAVERSE

Dual Towers | Monkey Bar Bridge | Rock Climbing Ramp | Ball Pit

The ultimate indoor architectural statement for sprawling playrooms and great rooms. The Nordic Grand Estate establishes two distinct multi-level play lofts connected high overhead by an oak monkey bar traverse bridge. Children ascend via a colorful rock climbing ramp, survey their domain through arched viewing portals, descend via twin wave slides, and convene in a sunken sensory ball pit and library retreat.

ARCHITECTURAL & PLAY HIGHLIGHTS

- Twin architectural lookout lofts connected by overhead suspension monkey bars
- Integrated multi-angle rock climbing ramp with rounded resin grips
- Expansive sunken ball pit chamber with soft perimeter containment walls
- Under-loft reading sanctuary with architectural archway cutouts and integrated library
- Precision-milled blonde birch vertical balustrades ensuring total fall safety
- Dual slide descent options for high-energy sibling and group engagement

ZONE A · MEZZANINE
Monkey Bar Traverse
Heavy-duty solid white oak suspension bridge connecting lofts for motor agility.

ZONE B · ASCENSION
Rock Climbing Wall
Angled ramp with multi-color ergonomic resin grips building strength & balance.

ZONE C · SANCTUARY
Library Arch Lounge
Expansive ground-level walk-through den with built-in bookshelves & seating.

TECHNICAL SPECIFICATIONS

FOOTPRINT (L × W × H) 16' 4" × 9' 8" × 8' 0" (498 × 295 × 244 cm)	MIN. CEILING CLEARANCE 8' 10" (2.70 m)
RECOMMENDED AGE 3 – 12 Years	PRIMARY MATERIALS Baltic Birch, Solid Poplar & Oak

Bespoke Options: Custom bridge length · Additional swing arm attachment · Custom paint accents

Lead Time: 5–8 Wks

BIOPHILIC SERIES

Model No. SPF-BD04

The Forest Observatory (Sage)

ORGANIC DUAL-DOME PLAYSCAPE WITH BOTANICAL ACOUSTIC WALL & TUNNEL PORTALS

Dual Domes | Botanical Sage | Acoustic Panels | Tunnel Pods

Inspired by organic forest canopies and contemporary biophilic architecture. The Forest Observatory incorporates twin fluted wooden dome pavilions linked by an enclosed crawling tunnel. Sculptural acoustic wall panels in the silhouette of monstera and palm leaves dampen playroom sound while creating an immersive woodland atmosphere. Includes an extra-wide gentle incline ascent and a soft sage contoured wave slide.

ARCHITECTURAL & PLAY HIGHLIGHTS

- Two sculptural slatted dome pods with circular peekaboo skylight portals
- Interconnecting ground-level crawl tunnel lined in felt cushioning
- Contoured wave slide in signature matte Botanical Sage finish
- Integrated wall-mounted acoustic felt leaf art panels for noise absorption
- Low-threshold accessible ramp for younger toddlers (18m+)
- Concealed soft interior 2700K warm LED perimeter wash lighting

FEATURE 01
Fluted Slatted Domes
Precision CNC curved tambour slats create stunning ambient light filtering.

FEATURE 02
Low-Angle Incline Ramp
Gentle transition ramp with tactile rubber treads for early walkers and toddlers.

FEATURE 03
Biophilic Colorway
Finished in custom Botanical Sage matte lacquer and blonde ash.

TECHNICAL SPECIFICATIONS

FOOTPRINT (L × W × H) 15' 6" × 10' 4" × 8' 2" (472 × 315 × 249 cm)	MIN. CEILING CLEARANCE 9' 0" (2.75 m)
RECOMMENDED AGE 2 – 10 Years	PRIMARY MATERIALS European Ash, Baltic Birch & Felt

Bespoke Options: Custom acoustic leaf motifs · Integrated reading bench cushions · Dome diameter sizing — Lead Time: 5–8 Wks

BIOPHILIC SERIES

Model No. SPF-BD05

The Meadow Pavilion (Soleil)

VIBRANT MID-CENTURY BIOPHILIC PLAYSCAPE WITH MARIGOLD DOME & SKY PORTAL

Soleil & Sky | Sun Dome | Crawl Tunnels | Reading Nook

A celebratory expression of light, energy, and warmth. The Meadow Pavilion shares the sculptural twin-dome architectural silhouette of Model 04, re-imagined in a vivid Mediterranean-inspired colorway of Soleil Marigold, Azure Sky, and Warm Natural Ash. Featuring arched observation windows, an open timber-framed second-story observation deck, and integrated under-platform toy storage chests.

ARCHITECTURAL & PLAY HIGHLIGHTS

- Custom satin marigold lacquered dome cap with circular ambient light port
- Sky-blue wave slide with rounded protective high-impact balustrades
- Double-sided activity zone: crawl tunnel entrance on left, secret room on right
- Hand-shaped ash wood handrails tailored to toddler grip ergonomics
- Removable cotton upholstered floor cushions inside dome sanctuaries
- Concealed cable routing ready for smart nursery audio and ambient lighting

COLORWAY
Soleil & Sky Blue
Warm marigold and Mediterranean azure accents inspire boundless optimism.

SENSORY ZONE
Secret Sub-Loft Den
Padded alcove beneath the main observatory ideal for quiet reading & naptime.

MOVEMENT
Dual Egress Exits
Contoured timber wave slide plus carpeted wide step egress stairs.

TECHNICAL SPECIFICATIONS

FOOTPRINT (L × W × H) 15' 6" × 10' 4" × 8' 2" (472 × 315 × 249 cm)	MIN. CEILING CLEARANCE 9' 0" (2.75 m)
RECOMMENDED AGE 2 – 10 Years	PRIMARY MATERIALS European Ash, Baltic Birch & Enamel

Bespoke Options: Custom color matching to any designer paint deck · Monogrammed wood nameplate — Lead Time: 5–8 Wks

MINIMALIST SERIES

Model No. SPF-MS06

The Stockholm Cloud Studio

MONOLITHIC WHITE & BLONDE WOOD LOFT WITH ACRYLIC BUBBLE OBSERVATION WINDOW

Acrylic Bubble | Minimalist Loft | Rope Mesh | Beech Slide

Distilled Scandinavian purity. Built for discerning collectors and modernist architectural residences, The Stockholm Studio features a monolithic warm-white facade punctuated by a deep optical-grade acrylic bubble viewing dome. Children climb safely behind architectural marine-grade rope netting, peer across the room through the panoramic convex bubble, and glide down a solid beech and white lacquer wave slide.

ARCHITECTURAL & PLAY HIGHLIGHTS

- 1/2" thick shatterproof optical-clarity acrylic bubble observation portal
- Hand-knotted marine-grade white safety rope mesh containment balustrade
- Under-loft modular shelving wall accommodating books, puzzles & toy bins
- Smooth blonde European beech contoured slide bed with safety runout
- Zero-VOC matte white catalyzed lacquer resistant to scuffs and crayon marks
- Ultra-quiet acoustic underlayment in upper loft flooring to dampen footsteps

TECHNICAL SPECIFICATIONS

FOOTPRINT (L × W × H) 11' 8" × 7' 6" × 7' 10" (355 × 228 × 239 cm)	MIN. CEILING CLEARANCE 8' 6" (2.60 m)
RECOMMENDED AGE 2 – 9 Years	PRIMARY MATERIALS Solid European Beech, Baltic Birch & Optical Acrylic

Bespoke Options: Custom rope mesh colors (Natural Linen, Grey, Black) · Integrated reading light

Lead Time: 5–8 Wks

MINIMALIST SERIES

Model No. SPF-ME07

The Stockholm Grand Pavilion

EXPANSIVE DUAL-TOWER SCANDINAVIAN ESTATE WITH OVERHEAD SKYBRIDGE & DAYBED

Dual Pavilions | Skybridge Link | Reading Daybed | Double Netting

The pinnacle of modernist playroom design. The Stockholm Grand Pavilion scales the minimalist vocabulary of Model 06 into an expansive estate installation. Twin towers are connected by a suspended overhead catwalk bridge flanked by nautical safety netting. The lower level integrates an expansive upholstered lounge daybed, complete with warm perimeter backlighting and deep built-in drawers.

ARCHITECTURAL & PLAY HIGHLIGHTS

- Two mirrored multi-level minimalist towers connected by an aerial bridge walk
- Dual optical acrylic observation bubbles (one on each tower mezzanine)
- Integrated ground-level upholstered daybed retreat for lounging and sleepovers
- Concealed push-to-open soft-close drawers integrated beneath the daybed
- Dual descent pathways: wide architectural slide plus solid beech stair with handrail
- Handcrafted from solid European beech with zero-VOC satin enamel finish

ARCHITECTURAL LINK
Suspended Catwalk
High-rigidity timber bridge connecting the East & West tower retreats.

LOWER SANCTUARY
Upholstered Daybed
Full twin-size reading daybed nestled beneath the mezzanine for naptime.

SAFETY MESH
Architectural Webbing
Designed for side loads, allowing unobstructed room visibility.

TECHNICAL SPECIFICATIONS

FOOTPRINT (L × W × H) 17' 6" × 10' 2" × 8' 0" (533 × 310 × 244 cm)	MIN. CEILING CLEARANCE 8' 10" (2.70 m)
RECOMMENDED AGE 3 – 12 Years	PRIMARY MATERIALS Solid Beech, Baltic Birch & Commercial Velvet

Bespoke Options: Custom daybed fabric selection · Extended bridge length · Integrated desk unit — Lead Time: 5–8 Wks

ENCHANTED FOREST SERIES

Model No. SPF-WC08

The Woodland Canopy Playscape

SCULPTURAL TREE ARBOR LOFT WITH OVERHEAD LIGHT CANOPIES & BALL PIT

Tree Arbor | LED Halo Canopies | Ball Pit | Interactive Games

A fairy-tale architectural sanctuary crafted from blonde timber and organic curves. Sculptural branching tree columns rise to support the upper playhouse while blossoming into ceiling-suspended circular light canopies with warm 2700K ambient illumination. Beneath, children discover a sensory ball pit, integrated Tic-Tac-Toe spinning game tiles, and a cozy reading den with arched porthole windows.

ARCHITECTURAL & PLAY HIGHLIGHTS

- Two sculptural branching solid timber tree pillars forming an organic canopy
- Ceiling-mounted halo rings with dimmable, warm 2700K indirect LED downlighting
- Integrated ball pit chamber with low-profile cushioned perimeter rim
- Interactive wooden rotating Tic-Tac-Toe sensory wall panel for cognitive play
- Solid timber access staircase with hidden storage treads for toys and books
- Contoured natural wood slide with ergonomic deceleration runout

TECHNICAL SPECIFICATIONS

FOOTPRINT (L × W × H) 12' 4" × 8' 8" × 8' 4" (376 × 264 × 254 cm)	MIN. CEILING CLEARANCE 9' 2" (2.80 m)
RECOMMENDED AGE 18 Months – 8 Years	PRIMARY MATERIALS Baltic Birch, Solid Poplar & LED Halo Rings

Bespoke Options: Custom halo ring diameters · Smart-home dimming integration · Tree engraving

$390

The Nimbus Cloud Play Table

SCULPTED CLOUD-PROFILE TABLETOP WITH CYLINDRICAL HARDWOOD COLUMNS

Sensory Play | Organic Silhouette | Solid White Oak

A playful, sculptural centerpiece that brings organic softness to modern children's play spaces. Hand-carved from select solid oak with four sturdy columnar pillars, the Nimbus Cloud Table invites collaborative creative play, puzzle-building, and art activities while maintaining the refined elegance of bespoke architectural furniture.

ARCHITECTURAL & DESIGN HIGHLIGHTS

- Continuous hand-radiused soft bullnose perimeter with zero sharp corners
- Four heavy-diameter cylindrical solid timber legs with concealed steel anchor bolts
- Low-profile 19" ergonomic play height ideal for toddlers through early school age
- Hand-treated with zero-VOC plant oils
- Non-marring acoustic silicone glides to protect fine residential hardwood flooring
- Pairs harmoniously with the Nimbus Cloud Banquette for a complete playroom ensemble

THE BESPOKE COMMISSIONING JOURNEY · 2026–2027

From Initial Room Vision to Flawless In-Home Installation

01
DESIGN BRIEF
Share your room dimensions, ceiling height, target timeline, children's ages, and aesthetic preferences via consultation.

02
3D ENGINEERING
Our design team models your chosen configuration into 3D CAD drawings to verify scale, clearances, and egress.

03
ATELIER CRAFT
CNC precision joinery, hand-carved contours, and zero-VOC finishes applied by master craftsmen in Cranford, NJ.

04
WHITE-GLOVE DELIVERY
Modular sub-frames deliver through standard doors and assemble cleanly inside your home with non-marring floor pads.
